

Dear Red Angus Enthusiast,

The following publication contains information on the cows we are offering this fall. If you would like more information or pedigrees, we will be happy to send it to you or help you get it through our website or the RAA website. Like everyone, we are trying to control costs and think maybe mailing a full catalog is not necessary. These tables include all the information we would like to see on a cow we would consider purchasing.

Offering is pretty similar to last year. We are offering most of our spring calving cows born prior to 2001. We have ultrasounded all the females and the due date is included in this publication.

If you have any questions or would like to visit about the offering, please give us a call.

Craig and Peggy Bieber

***VOLUME DISCOUNTS AVAILABLE**
***Data provided upon request *individually priced**

71 Registered Spring Calving Red Angus Cows

These cows will calve from 3/10 to 4/20. The data on these cows is included in this publication.

31 Registered Summer Calving Cows.

These cows will calve from 5/5 to 7/1. The data on these cows is included in this publication.

27 Commercial Red Angus Cows.

These cows have tested positive for OS, AM, or NH. These cows will make a great addition to a commercial cow herd. Make sure your herdsires are not carriers and you will produce more lbs of calf and you will never lose a calf from a genetic defect.
