

These heifers are selected from our 2004 replacement heifers. If they were not in this sale they would be bred here at Bieber Red Angus Ranch. Adjusted yearling weights, yearling weight ratios, frames scores and pelvic measurements will be available the week prior to the sale. Any heifer that sells for less than \$800 will sell as a commercial heifer and will not receive registration papers.

BUCK

We suffered a loss here at Bieber Red Angus Ranch on January 26, 2005. Buck, our Red Border Collie, had to be put down after suffering a puncture wound to his trachea. We put him down after we determined that his quality of life would not be that of a normal Border Collie. Buck was the constant supervisor of enthusiasm and energy here at Bieber Red Angus Ranch. His willingness to help work cattle and chase a ball will be remembered by all. We will remember Buck for raising our spirits. We will remember him for his willingness to herd cattle anytime of the day or night. We will also remember the excitement he expressed every time we went to the working barn to saddle up. He just knew we were in for a great day when we saddled up. His drive and ambition could not be matched by some of the world leading marathon runners. We know that he is herding cows in big pastures in the sky and I look forward to the day that we meet again.
